UDL-B Series Plasma / LCD TV Turn over Lift

A. Product explanation:

The UDL-B series plasma/LCD TV turns over the lift table is this company newest development new product. Is the UDL-A series turn over lift table improvement the new product. The be ultra-thin design, the structure is advanced, movement steady, low noise, achieves the hideaway effect completely.

B. The product principle showed:

1, turn over:

The left and right both sides installment has two worm gears, the worm bearing adjuster decelerators, leads synchronized revolving by two motors, The belt plays the inverting action.

2, fluctuation:

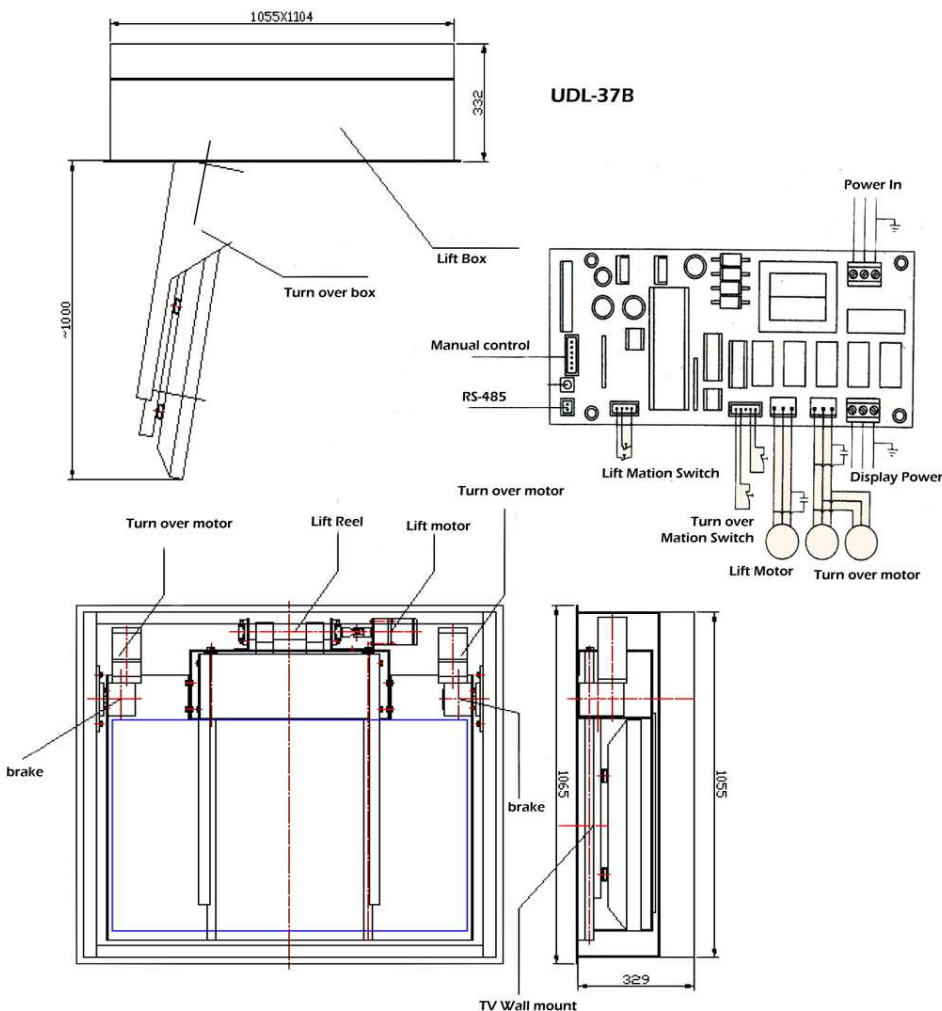

When turns over to establishes the position, the fluctuation electricity motor drives the reel. Thus the drawing plasma/LCD TV rises and drops

3, Installs the request:

The height is between true ceiling and false ceiling : 350mm Least(600mm or above best)

Dimensions

Model	(depth) x (width) x (thickness)	Load weight
UDL-42A	1100 x 1200 x 335mm	50Kg
UDL-37B	1060 x 1110 x 335mm	50Kg
UDL-42B	1130 x 1210 x 350mm	50Kg
UDL-52B	1300 x 1350 x 380mm	60Kg

- USA damping motor
- Brake Function
- Manual control and Wireless RF control
- RS-485 control

RF Series Wireless control

UDL-42A

LCD-N Series Plasma / LCD TV Lift

May Tailor made

The product explained: This product is the liquid crystal box hideaway design which Our company in 2006 promotes. The advanced version product, this advanced version product eliminates has each section of liquid crystal box hideaway. Outside the design merit, has the noise to be low, the body twists, the weight few light, The fuselage be ultra-thin and so on new characteristic, the control system supports RS485 connections, The collection controls the operation to be simpler, stably, nimble reliable.

Product characteristic: The be ultra-thin design, the outlook are artistic. Electrically operated fluctuation, stable, activity freely. The automatic valve design, opening is reliable. Manual control, wireless remote control, The common control and supports RS485 control, simplicity of operator.

- USA damping motor
- Brake Function
- Manual control and Wireless RF control
- RS-485 control

The YS series Projector Lift is in 2010 new product, designs for the expansion pillar type , installs on the ceiling the elegant appearance.

Structure

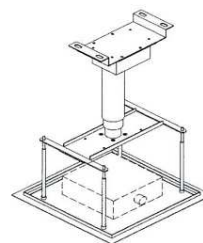

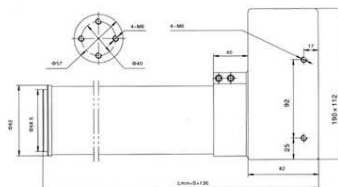

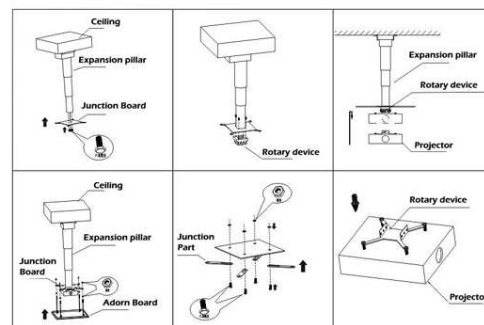

Diagram illustrating the experimental setup for the ceiling effect test. The setup includes a Control Box, an Expansion pillar, a True ceiling, and a False ceiling.

VM1500/2000/3000 series Projector lift

The VM1500/2000/3000 series hideaway type Projector lift is the proprietary product which we company develops newly, is the multimedia conference system Projector best supplementary equipment.

Inlays installs on the conference stage, installs on the ceiling the elegant appearance.

This product use simplicity of operator, operation balanced reliable;
The volume small noise is low, double automatic valve (shutter when open may hide in lift table organism), the design causes the product in the contour and the performance completely obviously the high intelligent science and technology.

Table install: According to the projector lift table model, according to the floor opening size table's in size, in the floor phase should through hole and installment hole. Is careful the projecting camera lift table inlet, the lift table kneading board and the floor are even.

The projector lays aside directly on the projector lift table fluctuation kneading board. The projector power line, line and so on VGA line in by fluctuation kneading board on line hole introduction engine cases, draws out again by the engine case line hole, walks the line in the lift table, must tie up with machine the inside connection in the same place.

Ceiling install: According to projector model, according to hoisting ceiling opening size table in size, on decoration ceiling opening.

According to the attached list in the hoisting screw size, pulls with 4 x M10 explodes the screw the projector inlet, and the hoisting is fixed.

Projector immediate packing on projector lift table fluctuation surface rotary; Walks the line according to the paperback method, and observes whether to have clamps the line phenomenon.

Dimensions			Table opening size
Model	Table opening size W x L (mm)	The mounting dimensions W x L x D (mm)	Attention
VM1500	480 x 480	502 x 502 x 3	The Table opening direction should with the projector installment direction consistent.
VM2000	560 x 425	584 x 450 x 3	
VM3000	560 x 605	584 x 630 x 3	

Ceiling opening size			Attention
Model	Table opening size W x L (mm)	The mounting dimensions W x L (mm)	Attention
VM1500	480 x 480	520 x 440	1. True ceiling and false ceiling should than the fuselage highly. 2. hoisting screw aperture hifhly for 4-φ11.
VM2000	425 x 560	458 x 512	
VM3000	605 x 560	557 x 512	

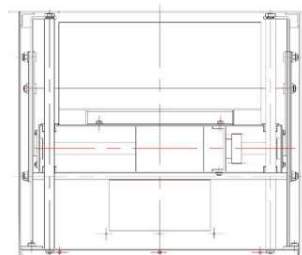

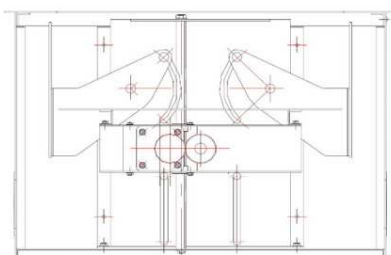

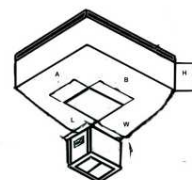

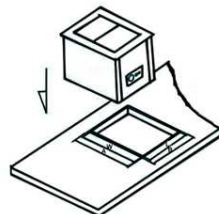

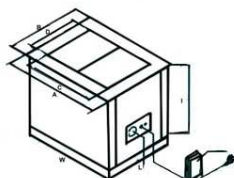

RF Series Wireless control

Model	Box Sizs W x L x D (mm)	Board Sizs L x W x D (mm)	Manhole size W x L (mm)	Parameter

EDR Series & ES Series Electric Screen

Projector Electric Screen Series

EDR Series Electric Screen

1. Best quality tubular motor driving device for quiet operation and exact position.
2. Streamline type and all direction metal cover design, beautiful appearance and refined art.
3. IR and RF remotes is optional, Free to stop the screen at any location.
4. Smooth screen surface, hard to distortion, flame retardant, mildew and indurations resistant.

Function:

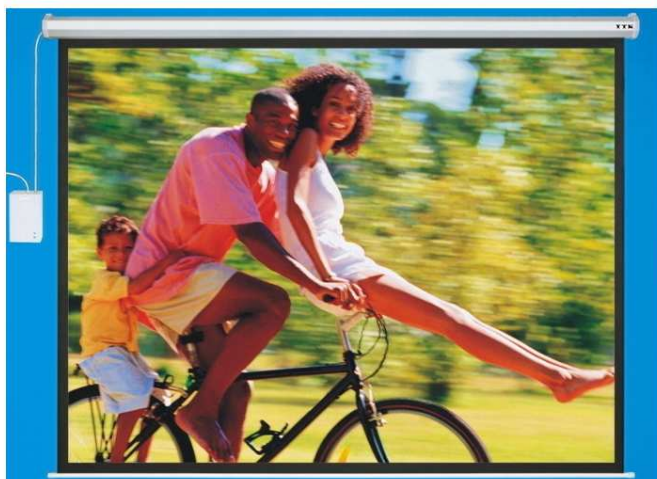

- The aluminum alloy design, the weight is very light
- Support IR / RF wireless control
- Coordination Projector makes Electric Screen automation
- Roller Motor , 28 rotational speed of 1/minute
- May the Built-in remote control , For 12V/24V automation control up/down
- Color: Silver/black
- Screen: Matte White

If in needs to add on to the Built-in remote control, the outer covering needs to lengthen 40mm

ES Series Electric Screen

1. Synchronous motor device can make screen work smoothly.
2. Streamline and metallic in design, beautiful and artistic appearance.
3. Manual or remote control is optional. Free to stop the screen at any location.
4. The screen surface is smooth and hard to distortion. It is also flame retardant, Mildew and indurations resistant.

Function:

- SLOW Motor, 14 rotational speed of 1/minute
- Support RF wireless control
- Color: White/black
- Screen: Matte White - Material: Metal

LCD Trolley & Mount Series

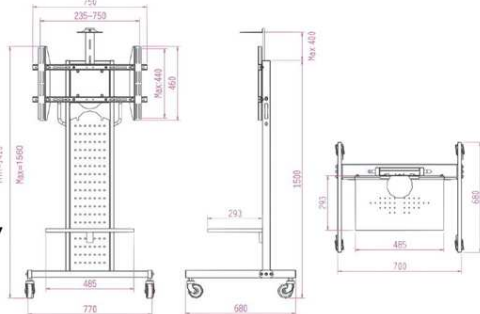

Professional Trolley, LCD & Projector Mount Series

LCD Trolley, LCD Wall & Ceiling Mount Series

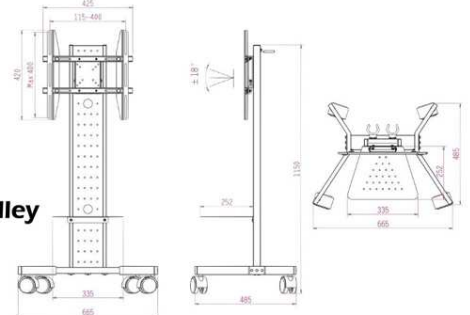

Mount size: 235-750 x 400mm
LCD TV size: 32" - 55"
Material: Metal
Load weight: 50kg
Adjusts angle: 0°
Color: Silver/Black
Packing size: 1330 x 470 x 140 mm
weight: 32.7kg

LP6810 LCD Trolley

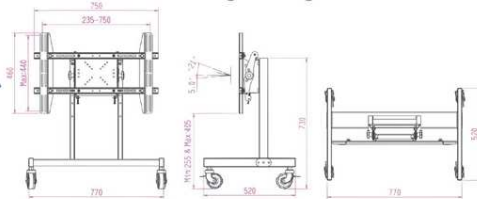

Mount size: 115-400 x 400mm
LCD TV size: 14" - 40"
Material: Metal
Load weight: 25kg
Adjusts angle: +18°
Color: Silver/Black
Packing size: 1080 x 310 x 125 mm
weight: 12.5kg

LP6900 LCD Trolley

Mount size: 235-750 x 400mm
LCD TV size: 22" - 55"
Material: Metal
Load weight: 60kg
Adjusts angle: -5°, +21°
Color: Silver/Black
Packing size: 860 x 455 x 110 mm
weight: 21.6kg

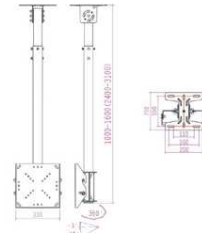

LP6811 LCD Trolley

LP6801 LCD Ceiling Mount

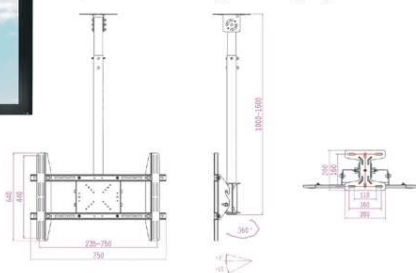

Mount Length: 1.6m/2.4m/3.6m
LCD TV size: 14" - 40"
Material: Metal
Load weight: 50kg
Adjusts angle: -3°, +15°, Left/right revolving: 360°
Color: Silver/Black
Packing size: 870 x 240 x 260mm/2 pcs
weight: 13kg/2 pcs

LP6803 LCD Ceiling Mount

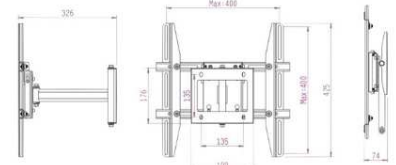

Mount Length: 1.6m/2.4m/3.1m
LCD TV size: 32" - 60"
Material: Metal
Load weight: 50kg
Adjusts angle: -3°, +15°, Left/right revolving: 360°
Color: Silver/Black
Packing size: 870 x 240 x 260mm/2 pcs
weight: 23.3kg/2 pcs

LP6904 LCD Wall Mount

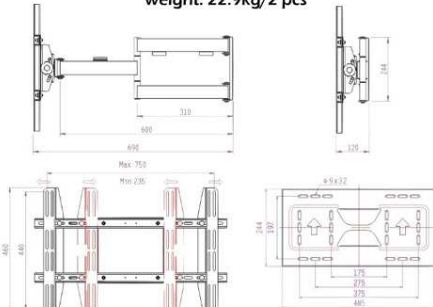

Stretch Length: 74-326mm
LCD TV size: 14" - 40"
Material: Metal
Load weight: 50kg
Adjusts angle: -5°, +15°, Left/right revolving: 180°
Color: Silver/Black
Packing size: 470 x 240 x 405mm/6 pcs
weight: 22.8kg/6 pcs

LP602A LCD Wall Mount

Stretch Length: 120-690mm
LCD TV size: 32" - 60"
Material: Metal
Load weight: 50kg
Adjusts angle: -5°, +15°, Left/right revolving: 180°
Color: Silver/Black
Packing size: 815 x 280 x 220mm/2 pcs
weight: 22.9kg/2 pcs

Mount Length:
200-340mm/500-1000mm/1000-2000mm
Material: steel
Load weight: 10kg
Color: Black

VM-2040/VM-510/VM-1020 Projector Mount

Mount Length:
430-650mm/630-1000mm/1000-1800mm
Material: Aluminum alloy
Load weight: 10kg
Color: Silver
